## **President's Message - March 2016**

**BY EZELL BREWER**

The word "March" comes from the Roman "Martius". This was originally the first month of the Roman calendar and was named after Mars, the god of war. It's also the third month of the Gregorian calendar.

The Gregorian calendar is today's internationally accepted civil calendar and is also known as the "Western calendar" or "Christian calendar". It was named after the man who first introduced it in February 1582 - Pope Gregory XIII. Original goal was to change the date of Easter.

What does March mean to you? What Holidays, festivals or **traditions** stand out most for you in March? To Model A's, it's officially spring. March 20, marks winter's end and the time that we bring Model A cars out of our garage and participate in the **MAFCNJ Garage Clinic**. Ed Saniewski and numerous members participate in a variety of common maintenance tasks to keep our Model A's safe on the upcoming tours. Maintenance tasks commonly carried out include but not limited to:

- Changing the engine oil
- Cleaning the gas filter sediment glass bulb
- Replacing the spark plugs and setting the timing
- Checking and adjusting the brakes
- Identifying any issues with the Model A that might present a problem on the tours

Thanks Ed for hosting another important event. Let's all make every attempt to participate in this event. As we have fun and learn from each other this event will help your Model A run at its best.

A recent car survey found:

- 25% of cars had either low or dirty engine oil
- 13% had either low or contaminated brake fluid
- 18% had dirty filters
- 17% had inadequate cooling protection or low coolant levels
- 18% needed new belts

Overall, 89% of vehicles were in need of at least one service or repair.

We know that no Model A's participated in this survey because they attended the **MAFCNJ Garage Clinic**.

**Happy St. Patrick's Day and Happy Easter Model A'ers.**

**LEAVING HOME**

Mr. Jones patted his daughter’s hand fondly and told her, “Your young man told me today he wanted you as his bride, and I gave my consent.”

“Oh, Papa,” gushed the daughter, “it’s going to be so hard leaving mother.”

“I understand perfectly, my dear,” said Mr. Jones. “I know - - why don’t you take her with you?”

There are no For Sale items submitted to the editor for this newsletter. If you have items for sale please send the information to Joan Kimball at [jandgmball@yahoo.com](mailto:jandgmball@yahoo.com) so she can put the information in the newsletter.

There are also no Wanted items in this newsletter. If you are in need of car related parts please send your request to Joan Kimball at the email address above so your needed articles may be seen by everyone who receives the newsletter by snail mail.

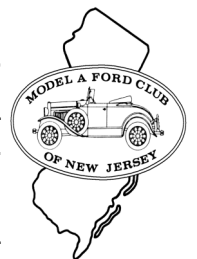

Thank you.

**A MESSAGE FROM YOUR EDITOR**

BY JOAN KIMBALL

There's an old saying that March winds bring April showers and April showers bring May flowers. Let's hope this is the case, once again, this year. Who doesn't like the sight of flowers following a long winter.

And it also means that your "A" will be coming out of the garage very soon if it isn't already. Now is the time to make any adjustments to your "A" that you've been putting off all winter. See you in the Spring.

**HAPPY ST. PATRICK'S DAY & HAPPY EASTER!**

**DUES, DUES, DUES.**

**LAST NOTICE! If you haven't paid your dues by now, this will be your last newsletter and you will also be removed from our roster. Don't let this happen to you. If you want to be kept on our roster and receive our yearly award winning newsletter each month you MUST pay your dues NOW. Send in your yearly dues to Linda Gianni at 135 Stickles Pond Road, Newton, NJ 07860. Dues are \$25.00 per year and this includes a spouse and children under 17 years of age.**

**Don't hesitate any longer, get your dues in NOW!**

## WINTER CARNIVAL results

BY JIM DUNLAP

The sixth annual winter carnival is now safely logged into the history books. The region received more than a foot of snow the day before, providing the most beautiful setting possible for this exciting annual affair. The day was stellar, the sun was bright and warming while it made the surrounding countryside glisten.

The down side of the beautiful snow fall that blanketed the wooded camp area also caused a slight decrease in attendance this year.

The other downside was that it made the Frisbee golf outing impossible to complete, so we had to go with the alternate event, the dog sled racing. Unfortunately we had some issues with this too. The dog sled racing association of North America put a race ending petition out against us. It seems we didn't get proper permits etc. through the state, county, and ASPCA. Me, personally, think it was just a scam to get money out of us. Anyway, now we know for next year.

The Necessary Room

Because of the lack of people who usually join in the fun at this event, those who did attend didn't take any pictures. So, as you can see the only picture we have is one taken by carnival leader, Jim Dunlap. And, of course, leave it to Jim to take one of the most important places in the woods.

I'm sure those who did attend the winter carnival had a truly spectacular time. Wish we could have experienced all the fun everyone who attended had. But being in FL made it impossible for us. -Editor

### NEWS FROM THE MAFFI ORGANIZATION

MAFFI is starting a free membership program for one young person (under 21) from each local Model A Club. Membership includes the quarterly MAFFI newsletter sent by email, an iron-on museum patch for jacket or cap and one year FREE admission to the Model A Ford Museum and the Gilmore Car Museum in Michigan. FROM "THE CHATTER - CALUMET REGION"

*If you have been having trouble with a slow leak in your tire here is a tip you might not have thought of.*

*After changing several inner tubes, my tire was still losing air. When I mentioned my problems to a fellow club member, he suggested I look at the valve cap. Perhaps there was something in there. Sure enough, there was a small piece of dirt in the middle of the cap. When screwed on tight, the dirt pushed on the Schrader fitting resulting in a slow release of air.*

*So, next time you have a persistent leak that you just can't find, check your valve cap. You, too, might be surprised.*

Everyone's Irish  
On March 17th.

## Interesting facts about Saint Patrick

Many people know St. Patrick's Day as a time to let their hair down and participate in the often rowdy revelry that has become synonymous with the holiday. Parades and loud music as well as flowing drinks make Patty's Day a favorite for people of all ethnic backgrounds. But revelers might be surprised to know that the holiday's namesake was an interesting figure whose impact on the world can still be felt today.

\* Though he is forever linked to the Emerald Isle, Saint Patrick was actually born in England, and his initial introduction to Ireland was anything but pleasant. That's because St. Patrick was captured by pirates as a child and brought to Ireland, where he spent six years in slavery. After escaping captivity, he eventually returned to Ireland as a missionary.

\* Saint Patrick's work as a Christian missionary incorporated some pagan beliefs to which many natives of Ireland had previously subscribed. He combined those beliefs with the Christian sacrament, and the Celtic cross traces its origins to this combination of pagan beliefs and Christianity.

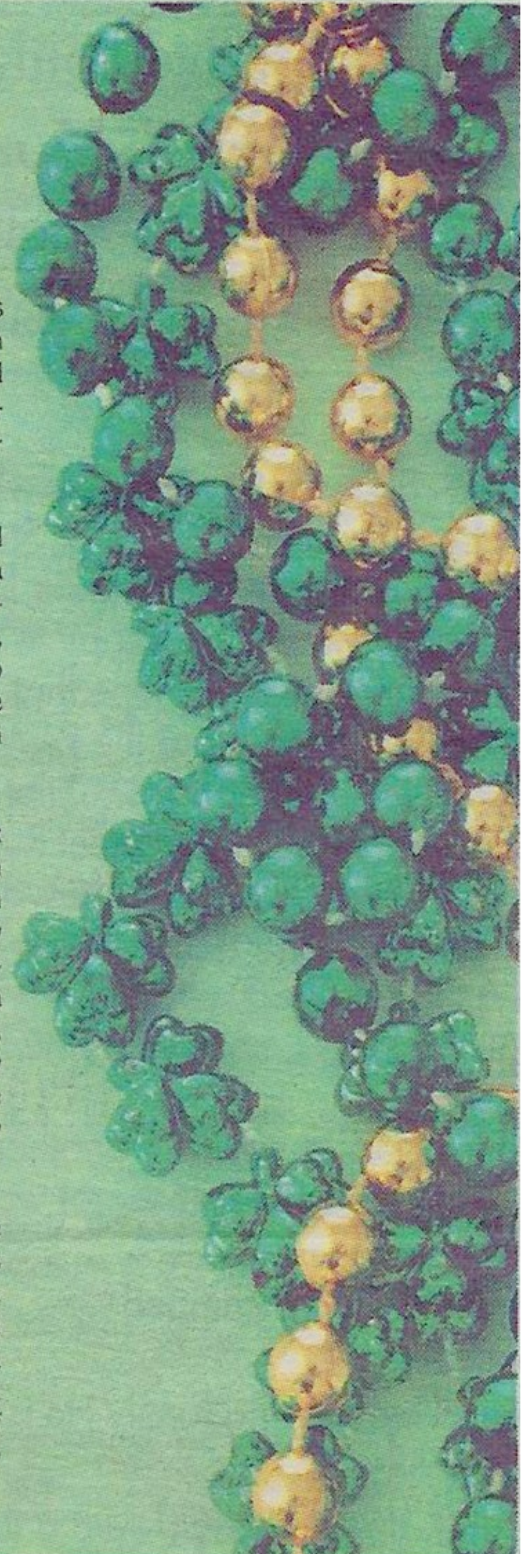

\* Despite growing up in a family with strong ties to organized religion, Saint Patrick himself was not raised in a particularly religious household. Though his grandfather was a member of the clergy and his mother was a close relative of St. Martin of Tours, Saint Patrick's childhood

home was not especially religious nor was it one that placed a strong emphasis on education. In fact, Saint Patrick admitted later in life that his lack of formal education had long been a source of embarrassment for him.

\* While in captivity, Saint Patrick tended sheep under a high priest of Druidism, a Pagan sect that had considerable influence over Ireland at the time. Despite that, Saint Patrick became deeply devoted to Christianity during his captivity, when he became determined to free the Irish from Druidism.

\* After fleeing captivity, Saint Patrick said that the idea to flee came to him in a dream in which a voice promised him that, if he fled, he would safely find his way home to England. So he convinced sailors to let him board their ship. This was a ship those on board would soon abandon, eventually landing in France, where they wandered 200 miles in 28 days. But true to his dream, Saint Patrick was eventually reunited with his family in England.

\* Despite his determination to free the Irish from Druidism, Saint Patrick was initially met with much resistance from Irish natives. But his persistence would eventually pay off, as he convinced a growing number of Pagan Druids that they were worshipping idols under a belief system that was ensuring their captivity and not their salvation.
